

Pension comparison: compare two pension plans

Why compare your pension plan?

Pension plans differ from one another. This pension comparison gives you a picture of the differences between two pension plans. This can be important for you, for instance if you are a new employee. With Philips Pensioenfonds, you automatically accrue a pension in the flex pension plan. If you worked before joining Philips you probably accrued pension benefits with your previous employer. This pension comparison illustrates the differences between two pension plans and what the implications are for you. You will then be able to decide whether or not to transfer your accrued pension benefits to Philips Pensioenfonds. You can also opt to make your own arrangements.

Compare your pension plan in five steps

In the middle column the data of the pension plan of Philips Pensioenfonds are filled in (colored in blue). Further explanation can be found at www.philipspensioenfonds.nl/en/pension123 You can fill in the right-hand column with layer 1 of Pension 1-2-3 of the pension plan with which you would like to compare our pension plan.

STEP 1: What do you and what don't you get in the pension plans?

Explanation In this step you can compare what you do and what you don't get in your present and future pension plan. In layer 1 of Pension 1-2-3 are icons marked with a cross if there is something you don't get.
